'Learning today for the world of tomorrow'

What is the PTA?

Our wonderful Friends of Parc Eglos or PTA (Parent Teacher Association) are a group of parents and staff. Its role is to encourage closer links between home and school through fundraising and running events which provide an opportunity for parents, staff and pupils to get together and have fun.

PTA Events

We have many events to look forward to throughout the school year. These will include school discos, Christmas Fayre, Discos and the Summer Fayre.

The friends of Parc Eglos are organising a FREE Easter Competition. Details will be in next week's newsletter.. so, keep a look out!

Fundraising

Funds raised by the PTA provide 'extras' that the school's main income does not cover - often fun things that make learning more interesting and exciting.

The PTA Committee and the Headteacher decide how to spend PTA funds.

How can you help out?

The friends of Parc Eglos meet once a month - everyone is welcome to attend our meetings, we are trying to encourage new support so please come along! Please get in touch with us if you would like to help. Our meetings are informal and friendly - we would love to hear from you!

The Friends will be producing a monthly newsletter, which will be emailed out to all families, acknowledging all the work the PTA are doing to raise funds and any upcoming events that are being organised along with dates of future meetings.

Nursery News

This week a dental nurse visited the nursery to talk to the children all about their teeth and how to look after them. Amanda talked to the children about her job and asked the children if they had been to the dentist before, some of the children then shared their experiences. Amanda spoke to the children about the drinks that are good for their teeth, like water and milk and drinks that they could have sometimes with a meal like squash. We then spoke about having sweets and chocolate as a treat and talked about the foods that are good for our teeth. Amanda told us that we have twenty teeth and we counted to twenty together. We then looked at the model teeth and Amanda showed us how to brush our teeth and gums in a circle motion, the children then all went up to have a go at brushing the model teeth. The children then took their toothbrushes to the sink and Amanda checked to see how they were brushing their teeth. Amanda reminded the children that they must let their grown ups help them, to brush their teeth twice a day. The children were really engaged and asked Amanda some good questions.
