

Enquiry Question: Why is my local area changing?

Step 1

I know some reasons why places change.

Step 2

I can give examples of how Helston has changed.

Step 3

FIELDWORK SESSION*

I can explain how and why the quality of the environment changes in my local area

Step 4

I know how NASA satellite images inform us of environmental change on a global scale.

National Curriculum

spatial changes over time to the settlement in which the school is situated can be investigated through digital mapping programmes, fieldwork observation and recording using baseline maps at a variety of scales.
