

Properties and Changes of Materials

What happens when we alter materials?

Step 1

Which materials are created by humans?

Step 2

Can we change a material?

Step 3

What's in a liquid?

Key Vocabulary

- compare
- group
- properties
- hardness
- solubility
- transparency
- dissolve
- solution
- solids
- liquids
- gases
- mixtures
- separate
- sieving
- evaporate
- dissolve
- reversible
- irreversible
- conductivity
- filter
